

# L'ARCHE DES CRÉTILLONS

Discover the animals and enjoy the refreshment bar and terrace with a magnificent view of the Rhône valley.

The private farm of 40 hectares and more than 200 animals, that belongs to the Zappellaz family and their children, also houses a bar-restaurant and a couvert for groups of up to 150 people in the very heart of the farm.

## **Good to know**

Located in the heart of the Valais, the Crétillons site is practically the last area of natural grassland at low altitude in the region! This sector on the left bank of the Rhône (Commune of Chalais) has an important ecological richness with its wetlands, steppe meadows, bisses, forest and diversified fauna. Meadows and pastures are used by several species, thus ensuring optimal maintenance of the territory.

In the perspective of sustainable development, they seek to enhance the value of the natural and agricultural sector. The Zappellaz family also wants to create a relaxing and recreational atmosphere for families and develop soft tourism in collaboration with other partners.

## **Practical information**

Annual closure until the 19th March 2020
