

CASTLE OF MORESTEL

The dazzlingly white Château Morestel stands in the centre of the village of Grône, and is well worth a visit.

This feudal château was completed in 1250 by Pierre III de la Tour, who named it in honour of his grandmother, whose maiden name was de Morestel. The dazzling white walls emphasise the elegance of this historic maison bourgeoisiiale. It now accommodates local government offices, and its cellars are arranged so that they can be used for official receptions and other public occasions.
