

# GUIDED TOUR

Enjoy a guided tour of the city of Sierre.

Whereas most towns developed around an obvious centre, **Sierre** grew up around a number of historic quarters, associated with transhumance and the **Val d'Anniviers**. The Le Bourg, Tservetta, Muraz, Villa, Glarey and Géronde districts are essential components of an unusual town which is definitely different from the rest.

Discover the districts of the city of **Sierre** and their historical monuments with a guide.
